CVS & Walmart now accept cash for child support

Need to pay child support? Most CVS and Walmart stores nationwide can accept payments. A fee of \$3.99 applies for each cash payment at CVS (up to \$2,000 per transaction) or Walmart (up to \$10,000 per transaction) stores.

Customers complete a MoneyGram "blue" form with required personal information (name, address and phone) plus the Division of Child Support Enforcement (DCSE) case number and Virginia receive code (14683). Customers can present the form and their payment to the cashier, who provides them with a receipt. **Spread the word**: Pay child support at CVS & Walmart MoneyGram locations thanks to a partnership between DCSE and Xerox's MoneyGram service.
